

R3 Factor®

Help your skin **RETAIN** its natural moisture, **RESTORE** its resilience and **RENEW** its appearance with R3 Factor® Skin Defense Creme – a rich combination of stabilized Aloe Vera gel, soluble collagen and alpha-hydroxy acids, fortified with vitamins A and E, each vital to healthy skin.

Vitamin E is a powerful antioxidant, while vitamin A helps in the maintenance of healthy skin and is beneficial for many skin conditions.

Alpha Hydroxy Acids (AHAs) come from natural plant sources and are also called Fruit Acids. Together, these fruit acids are exfoliants that loosen dead cells from the skin's surface by dissolving the natural glue-like substances that refuse to release the dead skin cells. These cells create a barrier to moisturizing creams, so getting rid of these dead cells evenly means that fresher cells are exposed in the skin's renewal process. Since it takes 21-28 days for the skin renewal process to complete a cycle, allow a similar amount of time to realize the full benefits of R3 Factor®.

Fruit acid creams have been called the most important skin care agents of the decade. By combining AHAs with soothing aloe, R3 Factor® Skin Defense Creme provides a first line of defense in fighting the harsh effects of time to preserve your skin's youthful appearance.

INGREDIENTS
